

Dear Rtn. Radha Simhadri,

A few updates on the work on COVID Relief by Rotary Mysore so far.

Starting and managing a COVID Tele Care Centre.

This is a COVID Tele Care centre to assess the situation of person who has symptoms of feve , cold, COVID , body ace, ill health.

They assess the situation of patient on phone and recommend the next level of treatment.

Meanwhile a team is dispatched with first aid medicines to the patients' residence within 2 hours as per doctors' recommendations.

This initiative is supported from group of doctors from Mysore & UK.

This initiative is an undertaking of Mysore City Corporation in association-with Rotary Mysore and Rotaractors.

Starting of Rotary Mysore OXY Bank with 18 oxygen concentrators to begin with and two ambulances equipped with oxygen tanks to enable transport of Covid patients.

Distribution of Food kits daily to tribal and rural areas.

Distribution of COVID Home Care kits to Covid Patients in home isolation.

Installed two Mask Vending Machines in two strategic places in Mysore.

Handing over of Petro coupons of 2000 litres by Indian oil for the benefit of Covid volunteers.

Rotarians of Rotary Mysore are excited and enthused by the support being received and are putting all efforts possible to provide COVID relief to as many as possible.

Regards,

Rtn. S.K. Sanjay
